DELEGATES LISTEN TO SPEECHES

During a Special Night Session of the Con. Con.

HON. HENRY C. KELLER

Licking County's Delegate, Proposes Amendment and Discusses I. and R. Proposal.

Columbus, March 22.—While debate on the initiative and referendum dragged through yesterday's session of the constitutional convention and through a special night session, held to get through with a number of speeches, it became increasingly certain that the Fackler substitute to the Crosser I. and R. proposal is doomed, like its predecessors, to defeat.

President Bigelow, who on Wednesday undertook to force an adjournment against the expressed will of the majority and was emphatically rebuffed, therefore, acknowledged his mistake yesterday and apologized for his arbitrary conduct. He stands today in a humiliating position, being compelled to make an apology for his arbitrary proceeding, which the majority so promptly rebuffed, and caused loud threats for his removal as the presiding officer of the convention. But after his apology no further talk of ousting him was heard.

An agreement was reached yesterday morning whereby no vote will be taken on any question until Tuesday. As soon as they may be presented under the rules, amendments to remove the features of the Fackler substitute, which have aroused complaint, are ready for presentation.

Delegate Henry C. Keller of Licking is ready with an amendment, which will require that at least 35 per cent of the total vote cast at an election be recorded for a measure before it is considered adopted by the people at the polls. He explained that a 35 per cent is slightly more than the voters of the state will be a most valuable safeguard against carrying propositions by a small minority. He said it would afford protection against the single tax agitators.

Many delegates complain of the methods of the managers of the I. and R. campaign. They referred especially to the so-called "big three," President Bigelow, his chief lieutenant, Mr. Doty, and Mr. Crosser. Instead of giving way to others to remedy serious defects pointed out, delegates say they attempt to keep the task in their own narrow circles.

Delegate Keller yesterday complained that Mr. Bigelow had known for a week that he was ready to present an amendment, but he had never been given a chance. Mr. Anderson said he was ready with his substitute, which would solve many difficulties, but never had an opportunity to present it.

Indications yesterday were that the convention will agree to the indirect initiative, both as to laws and constitutional amendments, and will write in an inhibition against the use of the initiative to secure single tax.

What have been termed blunders on the part of the Bigelow forces are responsible for this belief. One mistake was an alleged attempt to coerce members into opposing the single tax inhibition, a charge that was made on the floor of the convention yesterday.

In accordance with his announcement Wednesday night, President Bigelow yesterday morning apologized to the convention. His explanation of his alleged arbitrary action in attempting to recess the body over protests of a large majority was received in sullen silence. Members yesterday expressed the opinion that Wednesday's overruling was a punishment which would teach its lesson well.

In the discussion of the Initiative and Referendum proposal, Mr. Keller of Licking advocated indirect initiative at 8-10-12 per cent, and said the Crosser proposal was a more radical one than Kansas Populists ever advocated. He read a letter from the Newark Trades and Labor Council endorsing his stand. He asked a safeguard against submitting the same question every year, or as often as some demagogue wanted a question submitted.

Speakers at the night session echoed the growing demand for the indirect or legislative initiative. They were Delegates Stewart, Rockel and Pluke. Judge Rockel advocated the placing of the inhibition against single tax in the proposal. He also spoke in favor of increasing the percentage of voters required to initiate or refer measures. Mr. Stewart would prohibit giving of money for securing signatures. He thought it

a possible violation of the corrupt practices act in letter and spirit.

MEASLES KILL 100 CHILDREN. St. Clairsville, March 22.—According to reports received here measles has killed 100 children in Belmont county in the last two months. It is epidemic in many localities.

SID. EDWARDS CAPTURED BY DETECTIVES

Hillsville, March 22.—Sidna Edwards reached Hillsville with a detective this afternoon and was immediately placed in jail. He would make no statement. The detective said the young man had not attempted to resist arrest.

Richmon, Va., March 22.—Governor Mann at noon today received a telegram from detectives at Hillsville reporting the capture of Sidna Edwards at Lamburg.

Mount Airy, N. C., March 22.—Sidna Edwards, of the Allen clan, wanted in connection with the murder of the Carroll county court at Hillsville, was captured near Lamsburg, Va., during the night by a detective posse. Detectives are in control of telegraph and telephone lines leading to the scene of the arrest and details are lacking. But it is believed that the capture was made without bloodshed. The arrest of Edwards was made in the vicinity of Lamsburg, 12 miles north of this place. Sidna Edwards is the younger son of the Edwards brothers and the more venturesome. He is reported to have left the hiding place of the outlaws.

DROWNED CROSSING A CREEK.—Staubenville, March 22.—William Brooks, a coal miner, aged 55, was drowned in Yellow Creek, at Amsterdam, last night. He attempted to cross the creek on a log and fell in.

CONFERENCE IN EFFORT TO REACH A COMPROMISE

Cleveland, March 22.—Whether the 200,000 miners will strike or merely suspend work depends on the secret deliberations of a subcommittee of two miners and two operators from each of the delegations from Western Pennsylvania, Ohio, Illinois and Indiana. The committee, with John R. White, president of the United Mine Workers of America as a chief delegate of the miners, continued the conference in an effort to reach a compromise agreement, following the flat refusal of the operators to grant a demand of 10 per cent increase and shorter working hours. Although a shut down of the mines is inevitable, both sides are anxious to avoid a strike.

Bellefontaine: A special grand jury has been called for April 1st to consider the case of Herman Pash, in jail here charged with the murder of his father, Henry Pash.

SEN. HUFFMAN ON STAND IN OWN DEFENSE TODAY IN SENATE BRIBERY CASE

Columbus, March 22.—Before court, adjourned for the noon recess today State Senator Isaac B. Huffman took the witness stand in his trial for charges of accepting a \$200 bribe for his senate vote and made a general denial to all the charges made by the prosecution.

Senator Huffman denied all knowledge of the existence of Detective Frank Harrison Smiley on the day the bribe is supposed to have been exchanged hands, and said that at no time in his career as state senator had he ever accepted one penny for his vote or influence.

The senator corroborated the testimony of Senators Cetone and Dore early in the day. He said that on the afternoon the alleged bribery was supposed to have occurred he attended a meeting of the state tax committee.

Denying that at any time he had accepted a bribe for his senate vote in the trial of the alleged bribery of Senator Isaac B. Huffman, and claiming that he had accompanied Huffman to a meeting of the senate tax committee on the day Huffman is alleged to have accepted the bribe from Detective Frank Harrison Smiley, State Senator George K. Cetone took the witness stand today in defense of Huffman.

"Did you receive any money from Detective Harrison on April 27, 1911, or at any other time intended to be in exchange for your support of the Cetone-Whitmore bill or any other legislative matter which came before the last general assembly?" Mr. Cetone was asked by Attorney Andrews for the defense.

"I received nothing and have never been offered anything by Harrison except a cigar, which he offered me in the senate smoking room."

"Were you ever in the room of a local hotel with Detective Harrison,

MILLIONS DAMAGE AT PITTSBURG

And the Flood Drives Hundreds From Their Homes

WATER STILL RISING

Already High Above Telegraph Station ---Waters Over Streets and Railroad Tracks.

Pittsburg, Pa., March 22.—With the Allegheny and Monongahela rivers rising at the rate of six-tenths of a foot an hour and already above the flood stage markings, merchants of the city, rivermen and denizens of the town sections of the North Side and The Point prepared to sustain losses amounting into the millions.

Early last night the rivers had passed the 25 foot stage, three feet above the flood level, and Forecaster Henry Pennywitt, of United States Weather Bureau, predicts 28 feet today.

Last evening the waters rushed through the city at street level and soon went over the railroad tracks, sent many houseboats and larger vessels straining at their moorings to ascend the pavements and led to desperate efforts to save endangered property stored in big buildings.

On the North side the flood scenes of former days were repeated, the inhabitants in the shacks in the depressed streets making herculean efforts to carry their household goods to higher places and building rafts of various descriptions.

At 9 o'clock it was reported that the upper rivers were falling slightly, but that one foot rise every two hours was being recorded at West Newton on the Youngsberry and half a foot every two hours at Freeport, on the Allegheny.

Fair weather and much colder is the forecast and this will prevent the melting of the snows in the mountains and check the flood at the 28 foot stage.

Forty feet is predicted at Wheeling tonight.

Hundreds of men and women arrived late to their work as the result of numerous washouts in river valley territory. The downward rushing of the bulging torrents was especially violent up the Allegheny where the lowlands of both agricultural and thickly settled sections were sinking rapidly from view under the water.

The railroads of the Allegheny basin were the first to be crippled, and suburbanites to the north were the latest in reaching shop and office.

People who went to bed last night in apparent security and safety, rose with the light of day to find an ever expanding stream creeping closer and closer, menacing lives and property. For miles along each of the river valleys there was a busy hustle and bustle in which men, women and children participated.

Plum Creek, emptying into the Allegheny River at Oakmont, overflowed and covered large portions of Oakmont and Verona and the flats near the plant of the Bollinger-Andrews Construction Company.

Sandy Creek overflowed, and the entire lower part of the valley from Sandy Creek Village to the Allegheny River flooded with water.

Houses in the Sylvan were surrounded and the flood gradually approached the club houses of the Sylvan, Minnetonka, Aigouquin and Duquesne Cance Clubs. The river overflowed its banks just below Hoboken, and covered the flats as far as the tracks of the Conamough division of the Pennsylvania Railroad. The river also overflowed the flats at Cheswick and Tarentum.

The rain caused a landslide on the Conamough division of the Pennsylvania Railroad at Butler Junction, near Freeport, and caused delays of an hour. Other minor slides occurred along the Conamough and Allegheny Valley divisions of the railroad, but did not interfere with traffic.

Exposition Park, the grounds of the new United States baseball league was under water yesterday. Many of the small buildings which the Dravo Contracting Company has erected on the north bank of the Allegheny near the point at offices during the erection of the new Union bridge were flooded, and work on the bridge was suspended.

Cleveland, March 22.—Robbers burglarized a bank at Berea, 12 miles west of here, during the night, penetrating the outer wall and breaking open 100 safety deposit boxes, securing jewelry and cash amounting to from \$5000 to \$10,000. The extent of the robbery is not fully known. That the robbers were frightened away is believed, because the inner safe, containing \$35,000, was partly drilled through. No clew has been obtained. Justice of the Peace J. P. Poole discovered the crime when he opened his office this morning. The diamonds scattered with rubbish and specie and a hole had been drilled through his wall into the bank. The bank is known as the Pomeroy Bank. O. B. Pomeroy is president and J. B. Pomeroy cashier.

HAMDEN, March 22.—The 14-year-old son of Charles Jones of Minerton, this county, who was found unconscious in a stall, after being kicked on the head by a horse, died from his injuries.

MAY PURCHASE AUTO PATROL FOR THE CITY

Before the end of the summer, Newark may be able to boast of an automobile patrol wagon. Safety Director Collier is seriously considering the purchase of such a truck for use in the Newark police department and he believes that such a move would result in much economy, besides providing a more effective service.

With the high cost of living, which extends to domestic animals as well as to the maintenance of the city, the cost of maintaining the horses and keeping up the repairs on the wagon is appalling. Through the winter months especially the cost is high.

When the wagon is busy the horses show the strain, which would not be noticeable with an auto patrol wagon. Besides this feature, the advantage in being able to reach a given point quickly is important in the work of the department.

Mr. Collier is keeping a careful record of the cost of operation of the wagon, and when the new appropriation ordinance is submitted next July he will present to the council a comparative cost statement, showing what it costs to operate a horse-drawn vehicle in Newark and an automobile patrol in other cities.

Public safety departments all over the country are rapidly doing away with the horse-drawn fire and police apparatus and substituting the motor driven trucks. The advantages of the latter are so numerous that it is not difficult to convince the officials of the wisdom of making the change.

Newark will probably never purchase another horse-drawn vehicle for use in the fire or police departments. In the future, all fire and police trucks will be motor driven.

TUESDAY APRIL 9TH TO BE CLEAN UP DAY IN NEWARK

Arbor Day Observance April 19th---Board of Trade About to Publish Bulletin and Members are Invited to Send in Contributions.

Tuesday, April 9th, is to be "Clean up Day" in Newark, while the Arbor Day observance will take place on Friday, April 19th.

These two dates were selected at a meeting of the Board of Trade directors Thursday night. Last year March 23 was clean up day, but a later date has been selected this year on account of weather conditions. Arbor day this year will be on April 19th, but school will not be in session at that time and because of that fact and in the hope that the weather will be more favorable, the two weeks later, April 19th has been chosen for the planting.

Mr. E. M. Baugher is chairman of the Board of Trade clean-up day committee while Mr. F. L. Beggs is chairman of the Arbor Day committee.

Several meetings have been held in North, East, South, West and Central Newark in the interest of a general clean-up and permanent organizations have been effected at each of the sections will meet in connection with the Board of Trade committee and a meeting of all of the committees will soon be held. Director of Public Service, James McCarthy and the Teamsters' Union are going to do their full share of the work. The people are a unit in favor of a general clean-up and everything points to a successful day's work.

The idea of having a permanent organization in each section is not only to get the city cleaned up but to keep it in good condition.

The City Council is very much in earnest on the sidewalk proposition and resolutions providing for much sidewalk work have already been adopted. Others will follow. Notices are now being served on property owners. Scores of people are planning to put down new walks just as soon as the weather will permit. They will not wait for the city to do the work and charge the cost against their property.

Plans are being laid to improve the condition of the canal in Newark, to improve the court house park,

than Alexander on the register and said: "Single rooms and 15 of them. I have never doubled them up yet and don't intend to."

HAD TO GIVE UP THE NEEDLE.

Zanesville, March 22.—A physician here removed a needle from Mrs. Ora Fletcher's side. She had swallowed it 30 years ago, according to her mother, who said she remembered the occasion.

INCREASE IS ACCEPTED BY OPERATORS

Fall River, Mass., March 22.—An additional 10 per cent was offered the operators by the Fall River Cotton Manufacturers' Association this afternoon and the assurance has been given that the increase will be accepted. There will be no general strike of the workers which would have affected 30,000 operators.

FIRE LADDIES PRESENTED WITH FINE PICTURE

The fire laddies at the Central station have received a fine photograph from Arthur Rosebrough, a former Newark boy at Muskogee, Okla., showing the ten fire trucks and fire fighting apparatus of that bustling little western city.

With a population of a little more than 25,000, the city has a fire department manned by 39 men. There are two combination auto trucks in the department, besides the chief's automobile. There is a big aerial truck and two fire engines.

Compared with Newark, a larger city, Muskogee is better equipped for fire fighting purposes than Newark. The local department has but five trucks, none of them motor driven, and there are but 23 men on the pay roll.

The new picture has been nicely framed and was hung on the walls of the lounging room at the Central station.

Marysville: Homer DeGood was convicted of violating the Rose County Option laws in the probate court, and was fined \$75 and costs. He was unable to pay and will be taken to the Columbus workhouse. William Tanner and Charles Donohoe are in jail awaiting trial on the same charge.

Columbus Grove: Edward F. Moran, general chairman of the maintenance of ways committee of the Cincinnati, Hamilton & Dayton Railway Company, has resigned as section foreman at this place.

DRYS WIN AGAIN IN MIAMI CO.

Roll Up Majority of 1013 in Second Rose Law Election

HEAVY VOTE IN STORM

Both Sides Being Well Organized ---Even Split in County Seat.

The Board of Trade is preparing to publish a Bulletin early in April. Members who have suggestions to make to the organization are invited to send contributions at once. Please make all communications as brief as possible.

The directors' regular meetings are held on the first and third Thursday evenings of each month. A special meeting of directors will be held next Thursday night. All members of the organization now numbering over 800, who have matters to present to the Board or who wish to attend the directors' meetings are cordially invited to do so.

The Board has placed an order for 50,000 green and black stickers for use on stationery or packages and is planning to erect signs at the railway stations. The county commissioners have promised to place new and larger lighting standards at the entrance of the court house.

A complete list of the Board of Trade members will soon be published. Many names have been added since the last publication, but none will be announced until the entire list is printed. Names will be in alphabetical order. Send your name in now if you are not already one of the more than 800.

Change in Sentiment. Miami County 283

Troy, March 22.—Miami County will remain in the dry column for another three years. At the second Rose law election held yesterday the dries polled 6324 and the wets 5311, giving the dries a majority of 1013, as compared with 1401 three years ago.

The wets had a strong organization and spent money freely. The dries also perfected an efficient organization and had with them the entire press of the county. The wets were unable to place their advertising in any newspaper.

The sleetstorm caused the election to be conducted under the greatest difficulty. Ice covered everything and the highways were obstructed by fallen poles and trees.

The vote was the largest ever cast in the county, but the election passed off quietly, and no arrests were made. The result was a tie in Troy, each side polling 923 votes. Piqua went wet by about 600.

Sixty-five per cent of the entire vote was in by noon.

The wets gained in Piqua and Troy, but lost in the rural districts.

TO BUILD BIG TUBERCULAR INSTITUTION

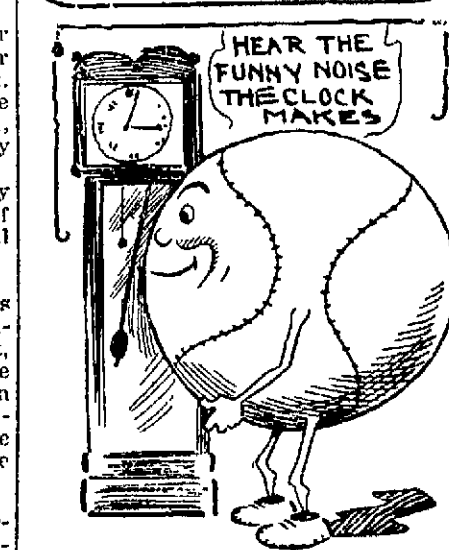

Denver, Colo., March 22.—The largest institution in the world for tubercular patients is planned for Denver. Articles of incorporation were filed with the secretary of state today and the institution will have the support of all Potestant churches in the city. The plan involved will cost a million dollars.

MIKE'S JOY RIDE ENDED IN GRIEF AT CITY PRISON

Mike Inyak, a foreigner, was arrested Thursday night on a charge of drunk and disorderly. While Mike was the chief offender, he was also the victim of his unwise spouse. He took a taxicab ride early in the evening and visited a West Newark saloon where he proceeded to get rough. He was promptly ejected with more force than gentleness and as a result he was pretty well beaten up. He was fined \$5 and costs in police court Friday morning and paid the amount promptly.

Bowling Green: Brought back from Detroit on a warrant charging grand larceny, sworn out by R. A. Beatty, constitutional delegate, from Wood County, at whose home she was employed as a domestic, Mabel Kelly colored, pleaded guilty to taking a dress pattern and was held to the grand jury.

BIT OFF TOE OF INFANT

Washington, March 22.—Paul Snisky, a miner, was rescued from the hands of his indignant neighbors today with difficulty by the police and taken to the jail after he had been roughly handled. It is alleged Snisky came home and assaulted his wife and then picking up his infant bit one of its toes off. The woman summoned the neighbors and Snisky narrowly escaped lynching.

Terre Haute, Ind., March 22.—The Washab stage was 20 feet today and rising. More than 100 families moved out of their shacks in Taylorville, the shantytown opposite the city.

AFFINITY'S VISITS WERE REVEALED BY YOUNG DAUGHTER

Paducah, Ky., March 22.—A chance remark by his twelve-year-old daughter at the dinner table warned James Uzzle, aged 38, owner of a transfer company at Metropolis, Ill., opposite Paducah, of the visits of an alleged affaduch, of the beautiful wife, Lenoria, 20 years old. He walked from the house with the threat, "I will kill you." He purchased a pistol and returned as his wife was putting their infant son to sleep.

With the exclamation, "I am now going to keep my word," Uzzle displayed the pistol. While the daughter clung to him in an attempt to save her mother, Uzzle sent five bullets into his wife's body. Then he used the last cartridge to put a bullet into his own forehead. He observed that she was still breathing, choked her until neighbors intervened. The woman died two hours later.

Uzzle's wound is considered fatal. His only comment was that he was sorry he could not kill one more man.

NEW FIRM IS ORGANIZED BY NEWARK MEN

Articles of incorporation will be taken out Monday or Tuesday of next week for the Newark Cement Co., a newly organized firm of young business men of Newark, formed to do all kinds of cement contract work. It has adopted a novel plan which is a distinct innovation in work of this nature. Contracts for concrete work, particularly sidewalks, will be accepted on the "easy payment" plan, so no one who is ordered by the city to lay a sidewalk need offer the excuse that he hasn't the money to finance the job.

The present plans of the company are to be ready for business April 1, or as soon after that date as the weather will permit work of this nature to be done.

However, the firm is already making contracts for sidewalks and other cement work and has much work in sight. All work done will be fully guaranteed.

The following well known young men are officers of the new company:

President—E. E. Houpt.
Vice President—L. E. Jones.
Secretary—Clifton S. Morse Jr.
Treasurer—Bernard E. Smith.

Mr. Houpt will act as business manager and A. Houpt will do the draughting work for the company. The new company will have offices at 19 Arcade.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make it Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect the hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp, and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color. In a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back Purchase a bottle today. You will if you are not satisfied after using, never regret it when you realize the difference it will make in your appearance. Frank D. Hall, 10 North Side Square.

LECTURE ON PURE FOOD QUESTION AT PLYMOUTH CHURCH

Dr. W. L. Evans, of the chemistry department of the Ohio State university, delivered an exceedingly interesting and illuminating lecture last evening in Plymouth church to a representative Newark audience upon "The Pure Food Question With Special Reference to Colorings and Preservatives in Food Stuffs." The lecture was illustrated by stereoscopic diagrams and demonstrated by laboratory experiments. The interest was intense, and the audience felt that it had listened to expert advice upon a question of vital importance to everybody. Dr. Evans is a forceful speaker and has a happy faculty of marshalling his ideas in a clear and convincing order and couched in simple and untechnical language. The amount of special information which Dr. Evans imparted in a couple of hours was truly wonderful and impressive. The lecturer concluded his remarks with a warm hearted appreciation of Dr. Wiley, whose resignation last Friday has caused profound regret in the hearts of his co-laborers everywhere. At the conclusion of this address a spontaneous movement among the listeners resulted in the following resolutions offered by the Rev. J. M. Thomas and seconded by Mr. Edward Kibler.

That this meeting expresses its appreciation of the work accomplished in the interests of the public by Dr. Wiley, and deeply regrets the discouragements and oppositions which he has had to encounter, and which have finally resulted in the resignation of a man which the public could not well afford to lose. That we gratefully acknowledge his long continued labor performed for years with the utmost heroism and we fervently hope that his example will count for much in the bureau, which he has so long and so truly graced.

Y. M. C. A. SPORTS.

Soon the spring fever will come over the youths of this city, so that basketball will be a thing of the past, but until this time comes, a few games will yet be played. The boys are whooping it up so as to wind up the end of the season with a great flourish. Especially in the intermediate class the boys' enthusiasm almost exceeds good sportsmanship. But taking it all in all we are having excellent times and bushels of fun.

Each boy's height, distance and time will be taken and points awarded him. This means that every fellow will have a place and he need not stay at home or sit in the gallery because he can't win the first prize. All are cordially invited to come and see this meet.

FROM AMERICAN ASSOCIATION FOR HIGHWAY IMPROVEMENT

With 31 of the leading good roads associations already affiliated with it, the American Association for Highway Improvement, which was formed in 1910 by prominent officials and citizens for the purpose of correlating the road movement, is now launching a campaign to establish local associations in every locality in the United States that does not boast of one at the present time.

In the year 1911, the American Association formed 140 local associations, the work embracing the states of Tennessee, South Carolina, Virginia, West Virginia, Georgia, Florida and Maine. In the first year of its existence the association gained 1000 regular members and 60 sustaining members. The number of regular members is to be increased to 5000 in the present year.

One of the most gratifying features of the report just issued by the association is the announcement that 21 of the leading railroads of the country, in order to aid in the work of stimulating the efforts to bring about a better system of public roads in this country, have decided to contribute annually toward the educational work.

The American Association announces that it will continue to strive for wise, equitable and uniform legislation in every state; that it will continue to do all in its power to bring about skillful management of roads and the elimination of politics from the management of the roads; and will work toward correlation of the roads, so that those of one state shall connect with those of another state. The Association is also urging the utilization of convict labor in such a manner as to involve the least competition with free labor and to bring about the greatest benefit to society and the most thorough moral and physical development.

In most cases, it is held, this end can be achieved by using the convicts in preparing road materials or in the actual building of roads.

Thomas Nelson Page, the author, is now in charge of the membership committee and is recruiting several hundred new members each month. Lee McClung, treasurer of the United States, is the treasurer of the association; W. W. Finley, president of the Southern Railway, is chairman of the executive committee, and is giving his personal attention to the work. Logan Waller Page, director of the United States office of public roads, is the president of the association, and says that it will be the endeavor of all the officers to make this a banner year in the road movements in all the states of the Union.

PATRICK KENNEDY.
The funeral of the late Patrick Kennedy will be held Saturday morning at 9:00 o'clock from St. Francis de Sales church. Interment will be made at Mt. Calvary cemetery.

Common Pleas Court.

In the case of the State vs. Edward Kirkpatrick, charged with failure to provide for minor child, the former plea of not guilty was changed to guilty. He was sentenced to the Ohio penitentiary for one year. Sentence was suspended upon execution of bond and compliance with its conditions as to payment of \$30 per month, first payment to be made May 1st.

State vs. Walter Shaw, indicted for assault with intent to rape. Continued on application of defendant, on account of sickness of a material witness.

Phineas Headlee vs. Wilbur Headlee; Emma Harris a defendant, elected to make the property described in the petition at the price of \$86 per acre. The suit was brought in partition.

Ashtabula: Voters here will be asked to approve an issue of \$125,000 bonds at a special election for a new high school. The present buildings are not equal to the demands upon them.

FRIDAY EVENING DEVOTION AT THE ST. FRANCIS CHURCH

There will be Friday evening Devotion at St. Francis de Sales church at 7:30 o'clock. The Stations, or Way of the Cross, is one of the most ancient and edifying devotions of the Catholic church. In this devotion the faithful pass in review before their minds every stage of Christ's sufferings from the sentence of Pilate to His death and burial. At each station a meditation is read followed by a prayer and, as the procession passes from one picture to the other, a stanza from the great hymn Stabat Mater, is sung by the choir. This hymn records in sublime numbers the history of the Passion and death of our Divine Saviour, and its music has always been regarded as a masterpiece. There is a church in London where this hymn alone is all that is rendered at certain seasons and there it has been repeated for years, and has never lost an iota of its first salutory impressions. Its ancient melody is still retained but greatly embellished by the great composer, Rossini.

The Holy Season is now drawing to a close and those who have not yet taken the opportunity of being present at this devotion are cordially invited to do so before it is ended. This is pre-eminently the devotion of the Cross and with St. Paul we should say: God forbid that I should glory in which save in the Cross of Christ, by which the world is crucified to me and I to the world.

MILLIONS OF FOLKS USE ONLY CASCARETS

They Never Have Headache, Bilioussness, Sluggish Liver or Bowels or a Sick, Sour Stomach.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines — you always get the desired results with Cascarets and quickly, too.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your side organs of all the poison and effete matter which is producing the misery. Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle cleansing, too.

Soft Water Available Everywhere

Every woman knows the luxury of having soft water at her command, especially for washing clothes, but Nature has denied this luxury to many, especially to those living in cities or in "hard water" countries.

However, every woman can have soft water in her home with little trouble and less expense. The sprinkling of Gold Dust washing powder in the water from your taps or well will make it as soft as the rain water that falls from the clouds. Gold Dust takes out the mineral substances that make the water hard and brings out the greatest cleansing value.

OH, GIRLS, LAURA JEAN IS 50 TODAY.

Oi, Oi, gells, se who's here—Laura Jean Libbey, author of "Lovely Lillena, the Splendiferous Shop Girl," and sixty or ninety other thrilling romances of love and passion to be continued in our next. Laura Jean lives in Brooklyn and the heart of every maiden who has ever dreamed of leading a duke or a millionaire to the altar and thus throwing the hooks, so to speak, into the dark, proud, imperious beauty who is her rival.

Laura Jean Libbey was born in New York half a century ago today, but to look at her one would never think that she had reached her fiftieth birthday, for in appearance she is almost as youthful as the heroines of her numerous novels. Since 1898 she has been Mrs. Van Meter Stilwell, but she still clings to her maiden name for literary purposes. Her home is in a side street a short distance from Prospect Park, Brooklyn's famous playground, and in its exterior it is composed of an indefinite succession of libraries and the casual visitor gains the impression that all the rooms are given over to books and easy chairs. The furnishings and pictures prove that the gifted authoress a gross injustice. The "A" man thinks, so is he, it has been said—a proposition that of course applies equally to women. Perhaps that explains why Miss Libbey, who thinks of little else but beautiful, slender charming maidens, has retained her girlish figure, and the unvarnished but far from plain face of a woman on the sunny side of thirty. Then again, a competent heavy doctor may be the explanation. Most surprising of all, considering her literary life work, she has a sense of humor, and it finds expression in her lips and eyes, as well as in her conversation—but never in her written works.

Miss Libbey's first story was published when she was only sixteen. Robert Bonner's old New York Ledger was one of the first of the publications to which she contributed. Just how many novels she has written she does not know. A moment ago I estimated the number at sixty or ninety, but that does the prolific authoress a gross injustice. The total certainly runs into the hundreds.

For several years Miss Libbey was a special correspondent of the New York Evening World. That was when Pulitzer and Hearst were engaged in a battle royal for supremacy in the afternoon newspaper field of the metropolis, and Miss Libbey's engagement was a master stroke on the part of the World management. Every

Life Insurance or Death Insurance—Which?

People willingly pay large sums for life insurance, which is really death insurance, but real life insurance frequently consists in taking Eckman's Alternative. Can any "lucky" person afford not to take the Alternative? It sharpens the appetite, makes life look different, brings better health with greater earning power. Often persons are so much improved that they can work even before they are finally cured. Invested in it, if you are bronchitic enough to believe that there can be a cure for Consumption, which has not been sensationally exploited, or which is not based merely on climatic or diet restrictions. Mr. Webb's report follows:

"Gentlemen—During 1903, my physician sent me to Texas, from there to Colorado. I became worse and was sent home to die. I heard of Eckman's Alternative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption." (Signed) ARTHUR WEBB. Fuller details of this case upon request. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratories, Philadelphia, Pa., for more evidence. For sale by all leading druggists.

FIRST THINGS

The first American Declaration of Independence was signed by the revolutionary patriots of Hartford county, Md., in this date in 1775. This declaration is older than that of Mecklenburg, N. C., which was made in May of the same year, and antedates by more than a year the great Declaration of Independence of the Continental Congress, July 4, 1776. The original manuscript of the Maryland declaration is still in existence. Hartford Town is now called Bush River, and is located about 25 miles northeast of Baltimore. The ruins of the old tavern where the patriots met are still in existence.

DON'T BE NERVOUS AND RUN DOWN

New Tonic, Tona Vita, Will Positively Restore Your Old Vitality.

Nervousness, depression of spirits, lack of energy, all run down, these are the chief symptoms of nervous debility, the modern affliction caused largely by the rush, hustle and worry of modern life.

If you are a sufferer from this all-too-common complaint, and cannot go to a high-priced sanitarium to have rest and diet build you up, you should read carefully the following statement by C. N. Hunt, Esq., of 602 Sixth-st., Milwaukee, Wis., concerning the remarkable new tonic "Tona Vita" that has made such a great record during the past year. Mr. Hunt says: "For a number of years my wife has been a sufferer from a continuous run down, nervous condition and stomach trouble. I took her to a number of doctors, but none seemed to give her any relief. She grew constantly worse and her entire system became affected."

"She could hardly eat anything and made her sick. She caught one bad cold after another and was always tired and languid. She had bad headaches and attacks of dizziness."

"I got some Tona Vita a few months ago. My wife began taking the tonic that night and we were pleasantly surprised to notice an improvement after the second day. She is now like a different woman. The nervousness and depression are all gone, and she eats and sleeps better than she has for years. It seems wonderful to note such a change in her. I believe 'Tona Vita' is worth its weight in gold."

If you are debilitated and run down, above all things try "Tona Vita." You will never regret it, as it will build you up like magic. It is the finest preparation now on the market.

R. F. Collins, 27 North Third street, has the agency for this great medicine in Newark, O. The price will be returned if it doesn't meet with entire approval. The approved Formula Co., Dayton, Ohio.

the home of the bride in Sugar Grove, Rev. T. T. Buell, father of the bride, reading the impressive wedding ceremony of the M. E. church.

The bride party entered to the strains of Mendelssohn's wedding march played by Miss Fannie Gray of Jacksonville. Helen Buell, sister of the bride, was the little flower girl, and carrying the ring on a beautiful white lily. The groom entered with his best man, Mr. Charles Buell. The bride, who looked charming in a gown of white serge, walked with the bridesmaid, Miss May Johnson, who was attired in a gown of pink messaline.

The bride is the oldest daughter of Rev. and Mrs. T. T. Buell, and is an active worker in the Sunday school, Epworth League, W. C. T. U., and other church work, and will be greatly missed by her large circle of friends at Sugar Grove.

She is well known in Licking county, most of her girlhood days having been spent on the home farm near Jacksonville.

The groom is a prominent farmer living near Lancaster, and has a home already prepared for his bride.

A number of beautiful and useful presents were received.

Dainty place cards seated the following: Mr. James E. Buell of London, Mr. William Johnson and daughter Emma and Mary, Misses Ossie Beery and Hazel Jones of Lancaster, Mr. Walter Schumaker and sister Florence of Bremen, Misses Edith Taylor, Fannie and Grace Gray of Jacksonville, Arthur Buell of S. O. M. of Columbus, Charles Buell of O. U., Athens, Mr. Charles Johnson and sister May, Rev. and Mrs. T. T. Buell, Lewis Buell, Misses Helen Buell, Doris Wilson, Treva Hawk, Rose Annessey, Mrs. Shapko of Sugar Grove, and the bride and groom.

The happy couple left on Thursday night for Columbus where they will be the guests for several days of Mr. George Krout, uncle of the groom.

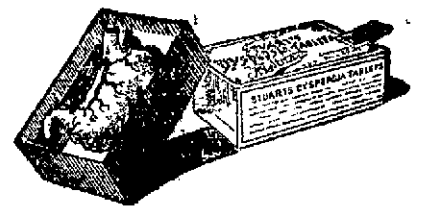

HARTMAN THEATRE.

Thursday and Friday, March 28-29, at the Hartman theatre, will be observed the engagement of Winchell Smith's wonderful comedy, "The Fortune Hunter," which will include the clever young comedian, Fred Niblo, as Nat Duncan, the ne'er-do-well, supported by a perfect company of players, including Miss Josephine Cohan. For two years in New York and one in Chicago, this company held the attention of all lovers of pure, clean comedy, presented in an atmosphere of laughter and at the same time teaching a moral not to be mistaken. No play of recent years has taken a firmer hold on the popular fancy and interest of Columbus theatre-goers than "The Fortune Hunter." It tells of the working out of a theory to the effect that a city man, well dressed, of good manners and habits, may go to any average small town and win the daughter of the usual wealthy man of such a community.

A NEW STOMACH

Stuart's Dyspepsia Tablets Restore Lifeless Organs to Normal Condition.

Many a sufferer from dyspepsia, indigestion and kindred ailments of the digestive organs suffers around an absolutely useless stomach—a dead load, and a cesspool for ever-increasing disorders. The muscles are seemingly worn out, the mucous lining has lost

its secretory power, and food taken into the stomach lies there and ferments, causing sour eructations, belchings, heartburn, dizziness and other distressing conditions. Many sufferers have given up in despair until they have been induced by some interested friend to try a box of Stuart's Dyspepsia Tablets.

Stuart's Dyspepsia Tablets are the dyspeptic's hope. They are a natural restorative of healthy action to the stomach and small intestine, because they supply the elements that the weak stomach lacks—pepsin, golden seal and other digestives.

If you are afflicted with any of the symptoms above described, be assured that your digestive organs are losing power—they need help and there is no more sensible help to be given them than to supply elements which will do the work of digestion for them.

Stuart's Dyspepsia Tablets have been found by test to have digestive powers one grain of the active principle of these tablets being sufficient to digest 3,000 grains of ordinary food. It is plain that no matter what the condition of your stomach, or how far your disease has progressed, one of Stuart's Dyspepsia Tablets taken at meal time will do the work—give your stomach an opportunity to regain its lost powers. The muscles will be strengthened, the glands invigorated, and you will be a new man.

COMING ATTRACTIONS AT THE AUDITORIUM

Saturday, March 23, Mat. and Night "Excuse Me."

Monday, March 25, Mat. and Night "The Cow and the Moon."

Tuesday, March 26 "Mutt and Jeff."

Friday, March 29 "The Red Rose."

Saturday March 30 "Sis Perkins."

Tuesday and Wednesday, April 1, 2, 3 "The Light Eternal."

Press Agent Says:

Excuse Me.
Enveloped in the atmosphere of success consequent upon its all-season run at the Gaiety theatre in New York, "Excuse Me," the farce by Rupert Hughes, which has proved one of the most successful of the recent productions made by Henry W. Savage, will come to the Auditorium on Saturday, matinee and night, March 28. The play will be performed by a cast which, individually and as an organization, is said to distinctly reflect the unusual skill of Mr. Savage in the selection of players best able to extract the greatest possible value from particular parts and situations. The company roster includes the name of many actors who are well known to local players by reason of their previous appearances here, notable among them being Robert Fisher, John J. Kennedy, Will F. Strunz, Harry J. Lane, Harry Linck, Jos. Yanner, Galway Herbert, Chas. Chappelle, William Wainwright, Leo Cooper, V. D. Fisher, Frederick Howard, Helen Lutiell, Blanche Douglas, Frances Williams, Marguerite Rand, Lucille Leannon, Ethel Weir and Snoozleums.

The Cow and the Moon.
"The Cow and the Moon," which appears at the Auditorium Monday, March 25, matinee and night, is said to be most enthralling musically. Scarcely as to the possibility of composing anything in tune to such a title is forgotten from the moment the orchestra plays the opening strains of the pretty prelude, and it is authoritatively claimed that as much credit is due to the score as to the libretto of this trick show.

That well known composer of extravaganza hits, Carleton Lee Colby, is responsible for all the music, and numerous press criticisms from those who know counsel the inference that Carleton has once again wrought most carefully.

Mutt and Jeff.
The most talked of play of the season is due to arrive in Newark on Tuesday, March 26, for an engagement of one performance at the Auditorium. What? Why, "Mutt and Jeff," of course. Gus Hill's magnificent production of Bud Fisher's clever cartoon creation is the sensation of the season. It's the one real acknowledged musical comedy hit. This most famous cartoon play of recent history, it is creating new box office records in the four corners of the United States. It is the greatest laugh producer ever conceived by a playwright.

SOCIETY

One of the most successful masquerade surprise parties of the season was given at the home of Mr. and Mrs. Howard White in honor of one of Mr. White's most popular clerks, Mr. Bryce Moore. The evening was spent informally and at a late hour a delightful lunch was served to the following guests: Messrs and Mesdames C. D. Patterson, J. C. Hanes, E. A. Lynn, R. Ingram, J. Braden, D. Evans, F. White, H. White, Mrs. C. A. Lynn, Mrs. Lewis, Mrs. O. B. Idle and son Clarence, Misses Ruth Braden, Florence Hazelett, Marie Ingram, Hilda Barrett, Verna Campbell, Alice Skinner, Iona Richardson, Dorris and Ethel Loughman, Glenna Fletcher, Messrs. Frank Ryan, Herman Dickinson, Monte Barrett, Frank Courson and Bryce Moore.

John Priske of Denison University gave a song recital at the Fifth Street Baptist church on Thursday evening. The audience was small but appreciative and Mr. Priske gave a delightful program which was heartily endorsed. Mr. Priske possesses a baritone voice of pleasing quality and good range. However his lower notes are not so clear and confident as the higher ones. The singer opened his program with "The Song of the Pilgrim" by Tschalkowsky and followed by a Finland Love song by Maude V. White.

He gave Ellilanda song cycle by Von Pielitz remarkably well and concluded the program with three short but pretty little melodies a "Requiem" by Homer, "Sleepy Song" by Wood and "Banjo Song" by Homer.

The audience was reluctant to leave him go and he was forced to sing an encore number at the close of the program. Mr. Priske's accompanist was Miss Bertha Stevens.

The S. F. club was entertained very prettily Thursday afternoon by Miss Esther Tyler at her home in North street. The first part of the afternoon was spent with needles after which games were indulged in. Miss Louise Kuster being winner of the first prize and Mrs. Graft the consolation prize. Dinner was served at six o'clock. The table was arranged with pink candles and shades and the centerpiece was formed of pink roses. The guests of the club were Ruth Davis and Helen Ferguson.

The Wednesday Afternoon Euchre club had for hostess this week Mrs. J. H. Sharritt, who entertained with three tables of euchre. The youngsters were awarded at the conclusion of the game to Mrs. J. W. Ganserding and Mrs. George Glauminger. Delightful music was furnished by Miss Marie Ganserding and dainty refreshments were served by the hostess.

JOHNSON-BUELL.
On Thursday, March 21, at 4 p.m. noon occurred the wedding of Mr. William Wesley Johnson and Miss Minnie Mable Buell at the M. E. parsonage.

Clean Your Rugs and Carpets With

20 MULE TEAM BORAX SOAP CHIPS

How To Clean Your Rugs and Carpets

The rule we give below is applicable to the finest Oriental rug and to the cheapest ingrain carpet.

PREPARE A PASTE OF 20 MULE-TEAM BORAX SOAP CHIPS made by dissolving a ten cent package in four quarts of water kept nearly at boiling point for fifteen minutes. When cool it will be like jelly. This is sufficient for a nine by twelve rug. Place the paste in a pan or pail large enough to receive an ordinary scrubbing brush.

Proceed as Follows:

First sweep the rug thoroughly clean. Begin work at the corner farthest from the door. With a spoon or by hand spread 20 Mule-Team Borax Soap Chips paste over the rug until it is dry. Scrub vigorously with a fairly stiff scrubbing brush. Scrape up the paste with a zinc scraper or heavily galvanized iron filed smooth on the edges. This zinc or galvanized iron should be about 12 inches long and 4 inches wide, with all edges filed smooth. Wipe thoroughly with a cloth wrung out of clean water. Work with the nap, never against it.

Proceed in this fashion section by section until the entire rug or carpet has been cleaned. It is well to have doors and windows wide open so that the rug may dry quickly. Do not resume furniture or walk on the rug until it is dry. Keep the cleaning water in which the rug is rinsed renewed as often as it becomes dirty. The water should be lukewarm. Follow these simple directions and your carpets and rugs will be as clean and bright as new. The colors will be brightened and improved. The fabric will not be injured.

ORDER FROM YOUR DEALER

A trial of these chips will prove them to be the most economical soap you ever used in the Laundry or Kitchen. No other soap or soap powder necessary when you use the chips.

WANT TO FEEL YOUNG?

It's Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, especially in old people, unless you take yourself in hand. Coax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics. Dr. Edwards' believes in gentleness, persistency, and Nature's assistance.

Dr. Edwards' Olive Tablets are gentle, yet positive. There is never any pain or griping where Olive Tablets are used. Just the kind of treatment old persons should have.

Try Olive Tablets mixed with olive oil and have no trouble with your bowels or stomach.

ABSORPTION PROCESS MAKES FACES YOUNG.

(From The Home Maker.)

Success has at last come to scientists who for years have sought some method of removing the outer facial skin in cases of unsightly complexion, which would be both painless and non-injurious. The new process is so simple, so inexpensive, the wonder is no one had discovered it long ago.

It has been amply demonstrated that common mercurized wax (buy, an ounce at any drug store) entirely removes, by gentle absorption, the wrinkled, lifeless cuticle, showing the youthful rosiness beneath. The wax is applied at night, like cold cream, and washed off in the morning. The absorption also cleanses clogged pores, increasing the skin's breathing capacity and capillary circulation, preserving tone, color and natural beauty of the new skin.

QUALIFICATIONS.

The man who firmly takes his stand upon the corner of the street to tell us how to save the land, with arguments as good as wheat, should have the documents to show that he owes nothing at the store; for men who won't pay what they owe don't interest us any more. Before he starts his wordy strife about our national despair, he should convince us that his wife and kids have decent things to wear. Before he bubbles through his hat, before of platform planks he yells, he surely should persuade us, that in some sane labor he excels. The man who does his task in style, who helps us make the wheels go round, has got a right to talk a while, and we will listen to the sound. But no one cares to hear the wails of some cheap skate who thinks he's wise, who shakes the welkin up and falls to keep his harder stocked with pies. The men who have the right to talk, the men who work, the men who win, are never standing on the walk dispensing music of the chin. So when you see a jay arise to shoot the selkin full of holes, just ask him how he's fixed for pies, and Sunday clothes and soap and coals.

SPECIAL SERVICES **FIRST M.E. CHURCH**

Special evangelistic services at the First M. E. church being conducted by Dr. Oborn, evangelist and Prof. Ball, director of music are already attracting the attention of many people. The attendance last night was exceedingly good for the second night of the series and Dr. Oborn preaches in a plain, practical manner. Professor Ball is not only an excellent director of the church chorus, but is himself, is a fine singer and will be instrumental soon in having about him a very large chorus. Both Dr. Oborn and Prof. Ball have a pleasing appearance and no doubt will have a successful meeting. Dr. Oborn will deliver his special

lecture sermon "The Hand that Rules the World," to women only, Sunday afternoon at 2:30 and Prof. Ball will direct the singing as usual. Admittance to this meeting for the women Sunday afternoon will be by ticket only. The tickets are free and will be ready for distribution at the services this evening at 7:30. Every woman who desires to hear this special address should secure a ticket. Everybody is invited to all the regular services and no one need hesitate fearing that they cannot be accommodated with comfortable seating as this church auditorium will accommodate all who care to attend.

Sensible Women Know **Foundation of Health**

As health talks to women become more general, both in the newspapers and on the platform, the mass of women are beginning to realize what the more cultivated have always known, that good health cannot be found in a powder box. The external of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained. The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weary eyes, the bad breath, the frequent headaches, the pimples, the general air of lassitude is nine times out of ten the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best in the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far superior to salts, cathartic pills, waters, etc., which are entirely too violent. Women should see to it that they have at least one movement of the bowels each day, and when showing any tendency to constipation should take Dr. Caldwell's Syrup Pepsin in the small doses prescribed. A brief use of it will so train the stomach and bowel muscles that all forms of medicine can be dispensed with. These opinions are voiced by thousands of women, after personal experience, among them Mrs. Mary J. Robinson, 1223 Washington St., Sandusky, Ohio, and Mary Moran, Salem, Ohio. Anyone wishing to make a trial of this remedy, before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

A Wonderful Showing of Women's and Misses' New Spring Tailored Suits, Coats, Dresses and Millinery

We are opening the new season on a broader scale than ever before—larger stocks, greater varieties and more beautiful styles than we have ever shown. The newest things are always shown here first. A style scarcely makes its appearance before you see it in our windows, and best of all, our prices, even at the season's beginning, average a full third less than any other store. The styles are fixed and our immense purchases for Spring include all the very latest and most attractive garments produced by the best makers and designers of America and Europe. It is none too early to make your selection. You are cordially invited to come and view this great display of fashion.

Men's Suits

They're the finest, highest type of ready-for-service clothes; the latest 1912 ideas in design and weave; beautifully made; best products of hand and brain; handsome foreign and American weaves of pure wool tweeds, cassimeres and worsteds; clothes embodying exclusive patterns; exclusive styles at prices way below real value; every suit as good an investment as a government bond.

ENTHUSIASTIC MEETING OF THE EAST ENDERS

Splendid Talks of Members of East Newark Civic Improvement Association Last Evening.

The East Newark Civic Improvement Association held its second public meeting in the Second M. E. church Thursday evening with several hundred very much interested ladies and gentlemen present.

The meeting was called to order by Chairman J. C. Montgomery. The minutes of the previous meeting were read and approved. Very enthusiastic and interesting talks were made by E. M. Baugher, chairman of the Board of Trade "Clean-up" Day committee, and Henry S. Fleek of the Forestry committee of the Board of Trade. These talks were to the point and put much additional vim in the East Newark people.

A. J. Baldwin gave an instructive talk on the trimming of trees and advised that soft maples should be trimmed in the month of April, but at a later date.

Mrs. Weakley and several others from the neighborhood of the "city dump," took occasion at this time to make an earnest effort to impress upon all good people that the dump in its present condition is a nuisance as a bed producing stench, as well as closing up sewers, causing water to back up in cellars on Jackson and East Locust streets. Health Officer Dr. W. H. Knauss being present, made replies to these parties and talked also on other parts of the city which need attention, whereupon a general discussion of these matters were taken up by Mrs. Ellen Fugh, Messrs. C. S. Osborn, Charles Merrick, L. Rankin, O. J. Payne, C. L. Gabke and others. In such a way that there is sure to be many good results in the sanitary line.

Judge Robbins Hunter was called upon and gave some very good points as to how to further organize the association and the methods that should be taken to get desired results, upon which one additional committee was appointed to look after flower beds for the girls and boys, and the furnishing of seed for same. Miss Mary L. Kilpatrick was made chairman of this committee. Also, as this has determined to be a permanent organization, to work in conjunction with the Board of Trade, it was decided to enroll the members. As it was late, quite a number had already gone, but the names of about one hundred women and men were secured who are each considered a committee of one to solicit other names and turn them in at the next meeting, which will be held not later than April 4.

L. B. Munch presided as secretary of the meeting. East Newark promises to do its part in the work of Clean-up Day on April 9.

DON'T BE BALD

Nearly Any One May Secure a Splendid Growth of Hair.

We have a remedy that has aided to grow hair and prevented baldness in 95 out of 100 cases where used according to directions. For a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall "33" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our position guarantee to refund every penny paid for it in every instance where it does not give entire satisfaction to the user.

Rexall "33" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store—The Rexall Store, 7 D Hall, 10 North Side square, Newark.

DR. J. G. ROBINSON HITS STRAIGHT FROM SHOULDER

Noted Colored Evangelist Talks of Things Worldly—Thanks Daily Press of City.

A large congregation turned out last night to Trinity A. M. E. church to hear Dr. J. G. Robinson, the noted colored evangelist. Dr. Robinson used for his text, Matt. 19:22. He said in part:

"Here was a cultured, popular, rich, young ruler, who came to Jesus, inquiring the way of eternal life. When Jesus explained to him the way he, the young man, dropped his head and went away.

"Oh! the sad sight of men and women today who come to Jesus, and go away. There are hundreds of 'used-to-be' Christians in this city—men and women, who once could testify, would take the communion and pray, but are now frequenters of saloons and ball-rooms." Dr. Robinson here said: "If you don't believe that I admire a beautiful woman, you should see my wife—but, before I would marry a woman that would dance, I would rather marry a woman so cross-eyed, that when she cried, her tears would run down her back.

"The filthy music and vulgar songs that are in your parlors are fruits of the sons of vice in our large cities. If you should get a genuine dose of old fashioned religion, and you will be safe for this world and for the world to come.

"This young man came to Jesus—it takes courage to come to Jesus. Let me tell you, every upward look, every Godly desire, every moving in your heart for a better life, is the prompting of the Holy Ghost. You should nurse them. When this young man came to Jesus, there were in his breast thoughts that he could not understand. He went to the Master for help, but he made the sad mistake of his life by going away. Where do men go, when they go away from God? They go to their riches, amusement, pleasure, lust. When the evening clouds gather, and the curtains of life are drawn down, riches, fame, pleasure and all else will fail to bring comfort. Nothing but Christianity will give you a safe anchorage on the eternal shores. Don't go away from God. Come to Jesus, stay with Jesus, and you will learn the value of prayer. I know the value of prayer. My mother's prayers made the bridge over which I walked to God."

Dr. Robinson told a very touching story of a minister, who failed of being elected to the bishopric in his church, and went to drinking, and finally died a drunkard. "This man," said Dr. Robinson, "left Jesus, and was ruined."

Dr. Robinson thanked the daily papers for the help they are giving the meetings.

EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's Cream Balm Will Stop it in the Sneezing Stage.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, sore throat, coughing, running at the nose and eyes, hoarseness, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

RAISING FUNDS TO ASSIST IN WIFE'S DEFENSE

Azor Treen of Utica was in Newark Thursday soliciting funds with which to engage a lawyer to defend Mrs. Annalou Treen, his wife, who is charged with the murder of Chas. Atherton, near Pittsburg. She is awaiting trial at New Washington. Mr. Treen has engaged the services of Erwin Cummins, a well known criminal lawyer of Washington, Pa., who will have charge of the defense. Mr. Treen needs \$200 for his defense fund and is asking the assistance of his friends in the matter. He has raised nearly \$150 of the amount.

PASSION MUSIC AT TRINITY CHURCH

At the usual hour of vespers Sunday afternoon, the vested choir of Trinity church will render the music of the passion. "Olivet to Calvary" will be the theme of the service. In beautiful music the story is told of the Savior's journey from the story of Olivet until the hill of Calvary is reached. The journey to Jerusalem, Christ weeping over the city, the cleansing of the temple, the retirement to Olivet, the giving of the new commandments, the agony in Gethsemane, the betrayal, the dramatic trial before Pontius Pilate, followed by the march to Calvary

and the crucifixion, are set forth in sympathetic music.

The service will begin promptly at 5 o'clock in the afternoon. The seats in the church are all free and the public is cordially invited. The words will be placed in the hands of each worshiper. A silver offering will be asked.

BIGELOW TO SPEAK

Middletown, March 22.—The Democratic Good Government League of Middletown will hold a political meeting in the Sorg opera house Friday evening. Herbert S. Bigelow, president of the constitutional convention, will deliver the principal address.

FRECKLES

March Worst Month for This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in March, but happily there is also a cure for these ugly blemishes, and no one need stay freckled.

Simply get one ounce of othine, double strength from any first-class druggist in the city of Newark and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they will stay all summer and spoil an otherwise beautiful complexion. Your money back if othine fails.

MAD DOG BITES NINE CHILDREN IN PITTSBURG

Pittsburg, March 22.—Plunging into a group of children as they were entering a school yard in Wilkinsburg a dog, later found to be suffering with rabies, bit seven of the children before he was frightened off.

The dog rushed toward the Homewood section of this city, while officials of the borough diligently used the telephone in an effort to have him intercepted.

On the way he bit a 13-year-old boy and was finally killed by John Schott after his 8-year-old sister had been attacked in the doorway. The victims are between 7 and 13 years of age and several of them are seriously lacerated. All have been taken to a hospital for Pasteur treatment.

Don't think that pills can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment 50 cents at any drug store.

GERLACK IS REAPPOINTED. Columbus, March 22.—Superintendent Frank G. Gerlack of the Boys' Industrial Home, Thursday was reappointed for a term of four years by the State Board of Administration.

Glass may be fastened together with a solder made from 95 parts of tin to 5 of copper.

MAY ACCEPT OFFER FROM GRAND LODGE

George H. Hamilton, dictator of Licking Lodge, No. 499, Loyal Order of Moose, has received another communication from the national officers of the Lodge, urging him to accept the office of district lecturer and installing officer for Ohio, parts of Indiana, West Virginia and Pennsylvania. The letter offered Mr. Hamilton a splendid salary, besides other attractive inducements. He has not decided whether he will accept the offer, but has taken the matter under advisement.

NATIONAL MOOSE HOME TO COST ONE MILLION

The Loyal Order of Moose is preparing to establish a national home for the order which will cost \$1,000,000. The committee of supreme officers of the order met in Chicago March 18 to select the site, after having visited a number of cities where locations and bonuses were offered. Ashabula offered several hundred acres of land and a bonus of \$60,000. One of the requirements to secure the home was a certain acreage of virgin forest and certain kinds of soil.

More than 2000 patients are operated upon each year in St. George's Hospital, London.

THIS is more than simply a store of styles and values---it is a place where the spirit of "service" for the public and a standard for the future are vital considerations

Today again we want to talk to you about the NEW APPAREL. Spring is coming with a vengeance, soon the budding trees and plants and the music of the chirping birds will remind us that it is time to cast off our heavy, bundlesome winter clothes and don the beautiful styles that fashion has created for this Spring and Summers' wear. You who have already anticipated your wants and made your selections from our vast and correct assortments can readily appreciate why we urge so continually for others to view this beautiful showing before making any of their purchases. They can tell you how we are showing all the new styles in profusion at prices much lower than elsewhere and many other vital points that go to make a store both interesting and worth while. Come in tomorrow, stop at the Dress Goods Department, view the new suitings, serges, novelties and silks, then look at the Wash Goods in all their freshness and beauty, stroll clear through the store back to the Ready-to-Wear department, it will keep you interested for a long time. Seeing is believing, we have extended the invitation, ACCEPT IT

AUTHORITATIVE STYLES FOR THE WOMEN, MISSES AND CHILDREN

Perhaps this is the season you are going to buy your first "Davies Garment." Good. You are going to get a hand tailored, perfect-fitting garment all in one, and the minute you begin to wear that garment you will cease forever your old cry "Oh, I can't get the kind of suit or coat I want unless I have it made to order." Garments with perfect graceful lines—a reflection of fashion and individuality—a Suit, Coat, Dress or Skirt for service and for complete satisfaction—you will then surely be CORRECTLY but INEXPENSIVELY clothed.

NEW ARRIVALS IN SUITS.

New creations fresh from the designers' hands, that everyone should see, including models from whipcord, serge, and light weight mixtures. A particularly strong line of navy, Copenhagen and white serges. We especially invite comparison of the styles we are showing at \$12.50, \$15.00 and \$17.50.

THAT LONG COAT

You have in mind can easily be found among the hundreds of correct styles we are showing. Beautiful effects made up in serges, chevrons, diagonals, whipcords and mixtures. Every style feature that is new is embodied in this comprehensive assortment. Prices the smallest item.

\$10.00 to \$30.00.

DAINTY TAILORED FROCKS.

More than ever this is to be a season of one-piece dresses, our showing is in keeping with the demand. Here you can find every new style at the price you want to pay. Pretty serges in white and colors, silk foulards and messalines in profusion. A wide range of prices.

\$4.98, \$7.50 and \$10.00.

THE SEPARATE SKIRTS

Have again leaped into popular favor, and there is little wonder for this when you see the pretty snappy styles that are in vogue. Serges, mixtures, whipcords and braided velvets and panamas are particularly stylish. The new side effect and high waist line are favorites.

\$3.00 to \$12.50.

CHILDREN'S HATS ARE HERE.

When we say they are here we don't mean a handful of styles that you are shown at most places; but over two hundred of the latest Paris and American designs. There is a style here adaptable for all ages from the baby to the miss of 18. The prices are lower, too, 25c to \$3.00.

MISSES' WASH DRESSES.

Since installing our large showing of dresses for misses and juniors we have done a tremendous business in this line. The growing miss realizes now that she can be fit as well if not better than the dressmaker can do it. A big line of gingham, linens, percales, etc.

\$1.25 to \$4.00.

WHITE LINGERIE WAISTS

Come in styles so much different from past seasons' that you will take to them at once. Sheer lawns, mulls, voiles and crepes are the materials that have first call. They are trimmed mostly in lace and embroidery and some are done in hand embroidery. Prices are modest.

50c to \$1.00.

CHILDREN'S DRESSES

Mothers are fast beginning to realize that the "Washwell" brand of children's dresses is the best in every respect that the market affords, all varieties of the best and colors fast. A large showing of styles in gingham, percale, linen, galatea and fancy whites.

50c to \$5.00.

TODAY MARKS BIRTHDAY OF EMPEROR WM. I

Today is the 115th birthday anniversary of William I, who was the first of the Prussian royal house of Hohenzollern to don the imperial purple and assume the rulership over a united Germany. According to dispatches from Berlin, a feature of today's celebration will be the formal presentation by the Emperor of his son, the Crown Prince, as colonel of the First East Prussian Grenadier regiment, stationed at Königsberg. The heir to the throne has been in disfavor with the Emperor since his school-boy like jingo demonstration in the Reichstag on the occasion when the Chancellor defended his peaceful settlement with France of the difficulties growing out of the Moroccan question. The appointment of the hot-headed youth as colonel of the crack grenadiers is considered a mark of his father's forgiveness. The Crown Prince has for some time commanded the Danzig Hussars, and his new post will add to his military prestige.

The selection of the birthday of the first emperor for the ceremony is considered significant by many students of German politics. When the first William ascended the throne of Prussia he succeeded right speedily in embroiling himself and government with the Liberal parliament of that time, and when Bismarck became premier, half a century ago this year, he found affairs so critical that revolution and civil strife seemed unavoidable. It was then that Bismarck first showed his crafty statesmanship by declaring war on Denmark. In 1866, when the internal affairs of Prussia again became threatening, war was declared against Austria, and that country was forced to a humiliating peace. France next echoed to the roar of German guns, and the empire of United Germany was built on the ruins of the second Napoleonic empire. As the result of that memorable victory for German arms, the German states offered the imperial crown to William I, and vanquished France gave Alsace a billion dollars as a peace offering to the Hohenzollern war lord.

There are rumors afloat and not without their significant basis of facts—that the second William considers his son not unwise, but only premature. The German Empire was carved out with a sword, and with the vote and influence of the Social Democrats constantly increasing, perhaps it can be saved only by the sword. In the new parliament convened last month, 110 seats were occupied by Socialists, the "reds" thus becoming the first party, numerically in the Imperial Reichstag. Every Socialist is committed to the policy of opposition to increases in the naval and military budgets. As a close student of history, Emperor William may decide that the tactics employed by his grandfather and his adviser, the great Bismarck, to avert civil war, are necessary in the present crisis.

Gen Braxton Bragg, the great Confederate general, was born ninety-five years ago today. Goethe, poet-philosopher, who as in German literature what Shakespeare is to English speaking peoples and Voltaire to France, died eighty years ago today. Rosa Bonheur, the distinguished woman artist, copies of whose Horse Fair, are to be seen in the galleries of the poor as well as in the homes of the rich, was born eighty-four years ago today.

VETERANS APPEAL TO THEIR SONS

A letter written by H. M. Trimble, commander-in-chief of the G. A. R., to Newton J. McGuire, commander-in-chief of the Sons of Veterans, is an eloquent plea for "A mighty organization of willing hands, ready hearts and earnest souls, breathing, beating and throbbing with the life-blood of patriotism, to tell of the unwritten history handed down from sire to son; to maintain, in vital force, the principles defended and established by the Nation's heroes, to teach Young America that he who strikes a blow at the flag of our country, strikes a blow at Liberty."

Continuing, the commander-in-chief asks if the Sons of Veterans will not build this organization, and assures them that their fathers believe that the time is now here when they ought to do so, and, in the enterprise, will give them encouragement and moral support.

It is a timely suggestion and the wonder is that it was not made years ago. The veterans of the Civil War are aging, and the failure of physical strength has already made the Memorial Day parade a more than ordinary pathetic spectacle. Some of the younger generation must take up the sad duty incident to the day, if it is not to be altogether neglected; and there are no more appropriate substitutes for the sires of 1861-5 than their sons. So, too, with the other duties referred to by the commander-in-chief. The thing ought to be done as suggested and the ranks of the Sons of Veterans should be lengthened to include every man who is eligible to admission.—Columbus Dispatch.

Puerto Cortez, Honduras, March 22.—The long drought along the north coast of Honduras has ruined the banana crop almost to a crisp. Planters are disheartened.

GRIP IS DANGEROUS

Often Followed By Pneumonia or Pleurisy.

Grip, pleurisy, pneumonia — these are greatly to be feared at this time of year.

To prevent grip from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system quickly.

The same is true of pleurisy — it leaves the lungs dangerously tender.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back as soon as you can. Vinol does this for you. Mr. W. R. Williams of West Pittston, Pa., says: "I had a very bad attack of pleurisy which left me weak and run-down. I took Vinol and it has built me up remarkably. I have received from it the greatest benefit I have received from any medicine I have ever used."

Our positive guaranty goes with every bottle, that Vinol must satisfy you or you get your money back. P. D. Hall, druggist, Newark, Ohio.

CRUSHED UNDER FALLEN TREE.

Waverly, March 22.—While trying to dislodge a fallen tree near this place, Walter Brown, aged 20, was caught between the stump and tree trunk and his life snuffed out instantly. He was the only support of a widowed mother.

WHY WOMEN WANT TO VOTE

A Newark woman who is an earnest advocate of woman suffrage, advocates the following reasons why women want to vote:

Working women need the ballot to regulate conditions under which they work. Do working men think they can protect themselves without the right to vote?

Housekeepers need the ballot to regulate the sanitary conditions under which they and their families must live. Do men think they can get what is needed for their district unless they can vote for the men that will get it for them?

Mothers need the ballot to regulate the moral conditions under which their children must be brought up. Do men think they can fight against vicious conditions that are threatening their children unless they can vote for the men that run the district?

Teachers need the ballot to secure just wages and to influence the management of the public schools. Do men think they could secure better school conditions without a vote to elect the mayor who nominates the Board of Education?

Business women need the ballot to secure for themselves a fair opportunity in their business. Do business men think they could protect themselves against adverse legislation without the right to vote?

Pay paying women need the ballot to protect their property. Do not men know that "taxation without representation" is "tyranny"?

All women need the ballot, because they are concerned equally with men in good and bad government; and equally responsible for civic righteousness.

All men need women's help to build a better and juster government, and women need men to help them secure their right to fulfill their civic duties.

YOUR WATCHWORD "RELIABILITY"

When you feel the desire for improvement of your eyesight or want relief from eye-ball ache and headache, bear in mind the reliability of the firm of Haynes Bros., being one of the oldest established opticians where only first class lenses are scientifically fitted to the eyes with the most modern electric appliances. Haynes Bros. grind their own lenses. Eyes examined free without the use of "drops." Office hours 8 to 11 o'clock and 1 to 5 o'clock, except Fridays. 18-20-22

Your Grocer Will Show You The Five Different Blends Of Golden Sun Coffee

We have put up these five blends to meet the tastes of all coffee drinkers. It's the only way to select coffee—by taste—not price. The only way to get the particular flavor your palate prefers.

Golden Sun Coffee is ripened, roasted and blended to perfection. Put up in pound packets—the steel cut in cans—hermetically sealed at the right moment after roasting to preserve for your

table all the rich, volatile oil of the coffee berry.

Your grocer will take special interest in showing you the Golden Sun Table of Tastes so that you may select your Blend and Flavor. It settles all his coffee troubles and all yours—and enables him to give every customer special coffee service.

Choose the flavor you like best.

If you are in the habit of ordering your coffee ground, be sure and get *Steel Cut Golden Sun* in cans and have it properly cut—not ground.

OBITUARY

STANLEY E. WHITEFORD.
Stanley Edgar Whiteford died after a two weeks' illness at his home in McKean township, Wednesday, March 20, at 12:30 p. m., aged 20 years and 24 days. Besides his parents, he leaves a grandmother, Mrs. Abigail Arnold, and a brother, Herbert, at home, and H. D. and H. B. Whiteford, Mrs. Frank Westbrock and Mrs. Alvin Denman of Newark. Funeral at Brushy Fork church on Sunday afternoon at 1 o'clock.

HANNAH HORN RATHBUN.
Mrs. Hannah Horn Rathbun was born Jan. 9, 1820, and died March 21, 1912. She was the daughter of William and Elizabeth Horn. She was born near the Lutheran church, south of Newark, and lived all but 12 years of the 92 as a resident of Licking county.

She descended from a very hardy stock, being one of a large family of children, all of whom lived to be over three score and ten years. Only one sister remains, Mrs. Amanda Anderson of Columbus.

Of her immediate family, three children are left to mourn her death. David W., of the home; Lee L., of Columbus, and Elizabeth J. Nether-ton, also of the home. A husband and 12 children preceded her to the grave. She has 16 grand-children and 17 great-grandchildren. During her recent illness she wanted to go home, for she felt she had lived her life. She was ready to go and expressed faith in God and prayed to be taken to him. For many years she has been taken care of tenderly by her daughter, Mrs. Nether-ton, and her sons, and while she was of such an age, by nature she could not live much longer, she will be sadly missed in the home, it was one of her last wishes that no flowers be used at her burial. The funeral will take place Satur-

day afternoon at 2 o'clock from her late residence, 95 Ninth street. Burial will be made in Cedar Hill cemetery.

MR. P. W. WALSH.
Word has been received from Mobile, Ala., of the death Thursday of Mr. P. W. Walsh, father of Mrs. Fenwick Ewing, and grandfather of Mr. Walter Brown, both of this city. Mr. and Mrs. Ewing were in Mobile at the time of Mr. Walsh's death, having been called there by his illness some time ago.

KATHRYN KETNER.
Miss Kathryn Ketner, daughter of Suren and Clara Ketner, died at her home, 207 Hudson avenue, this city, Friday morning, at 5:30 a'clock, aged 27 years.

Death is the one supreme tragedy of earth. None can escape it. Alas, it seems inopportune. A strange guest it is, never welcome to those it bereaves, a thing of sorrow that sunders the happiest companies; a destroyer of delights, a solemn warning to the living, a mystery inexplicable. Silent, sure, inevitable, it touches first one then another, and none knoweth the hour of its coming.

How doubly fraught with cruelty it is when it visits youth, when it comes to poison and destroy the natural joyousness of the spring-time of existence, when it chooses one entitled by virtue and loveliness to taste the best of life. In such a case, although we see the sure approach of the enemy, we cannot but hope something will intervene to delay his visit, and by every possible tender ministrations we seek to shield and protect the one whom Death has marked as his own.

Alas, in vain were all human efforts, stay the decree of Nature. Kathryn Ketner was stricken. A tender, beautiful, amiable young woman, sweet as any flower that ever bloomed, the advance couriers of Death have shadowed her for many long, weary months, and on Friday, March 22, 1912, the long struggle ceased. It was the privilege of her

friends to know and love this delightful girl both in the full bloom of her remarkable beauty and during the months in which her vitality gradually yielded to disease. They saw the roses fade from her cheeks and the strength depart from her body little by little. They saw her as she was compelled to give up one by one the innocent pleasures of a happy youth. They saw her as she laid down and wasted in her bed, robbed of all that youth loves best. And seeing her thus, they learned to know and appreciate and marvel at her heroic soul, which through all her suffering and bitter deprivations and ruined hopes, never faltered in its heaven born courage and saintly steadfastness. She was a rare girl, wonderful in the cheer and sweet resignation with which she bore the pangs of her distressing illness, a shining star of young womanhood, lustrous with innocence.

Did one show her a kindness, she was all appreciation. Did one seek to turn her mind from her pain, the big eyes beamed with understanding and willing acquiescence. Time and again gentle submissiveness with which she spoke of the limitations enforced upon her by her sickness brought a mist to the eyes. Surrounded by friends in the full flush of robust health and strength, she may have envied them, but she never lost a patience that was sublime. Surely she was the captain of her soul, which has gone to realms of bliss eternal, leaving behind for all who know her a glimpse of a spirit fit for instant admission to everlasting association with the Savior.

The funeral services will be held at the home Sunday afternoon at 1 o'clock and the body will be taken on the 2:20 interurban to Kirksville where the interment will be made.

MRS. MARGARET O'NEAL.
The funeral of Mrs. Margaret O'Neal of North Fourth street was held on Friday morning at St. Francis de Sales church at 8:30 o'clock. The body was taken to Annsville for interment.

MARY J. BALLOU.
The funeral services over the remains of the late Mrs. Mary J. Ballou, who died on Wednesday night at her home, 22 North Williams street, were held at the home Friday afternoon at 2:30 o'clock, conducted by the Rev. Mr. Holcomb, and the burial was made in Cedar Hill cemetery.

STANLEY EDGAR WHITEFORD.
Services over the remains of Stanley Edgar Whiteford, who died at the home of his parents, H. D. and Margaret Whiteford, in McKean township on Wednesday noon will be held at the Brushy Fork church on Sunday afternoon at 1 o'clock. The services will be conducted by the Rev. Mr. Ward, and the interment will be made in the Brushy Fork cemetery.

OWEN F. MILLER.
The funeral of Owen Miller, who died at the City Hospital Tuesday, was held Friday morning. The services were conducted by the Rev. Mr. Ward at the home at Wilkin's Run and the burial was made in Barnes cemetery.

JULIA A. NEIBARGER.
Julia A. Neibarger, daughter of Mrs. Rebecca Neibarger, of Prior ave., died at the State hospital at 12:50 o'clock on Thursday afternoon. The body was brought to Newark and taken to the home at 9 o'clock on Thursday night. The funeral services will be held Sunday morning at 9 o'clock at the church on Maple ave., conducted by the Rev. Mr. Dillon. The deceased was a senior in the Newark High School and had been ailing for the past several months. She had many friends who will regret to learn of her death.

BURIAL OF INFANT.
Services over the remains of the infant child of Mr. and Mrs. Joseph Jader, were held at the St. Francis de Sales church Friday afternoon at 2:15 o'clock, conducted by the Rev. Father B. M. O'Boylan, and the interment was made in Mt. Calvary cemetery.

WILLIAM MILLER.
Rev. L. P. Franklin, rector of Trinity Episcopal church, officiated at the

funeral of William Miller, who died at his home 241 North Fourth street on Wednesday night. The services were held at the home Friday afternoon at two o'clock, and the interment was made in Cedar Hill cemetery.

MRS. NANCY J. HINES.
Mrs. Nancy J. Hines, a well known woman of this city, died at the home of her daughter, Mrs. Robert Smoots, 28 Baker street, on Thursday night at 11:30 o'clock, after an illness of some time aged about 62 years. She is survived by two sons and one daughter. The body will be taken to Chillscothe for interment.

ALBERT E. DAWSON.
Albert E. Dawson, once a resident of Newark, O., died in Youngstown, O., Monday, March 18, tubercular trouble causing death. Mr. Dawson was married to Miss Mabel Smith of Newark in 1903, with one son, Paul Vernon, and three sisters and one brother survive. The body was shipped to Springfield, O., where the burial occurred in Fern Cliff cemetery.

CARD OF THANKS.
We wish to extend our thanks to our friends and neighbors for their kindness and beautiful floral offering and especially the employees of the American Bottle Company, during the sickness and death of our beloved son and brother, Henry, also Rev. Mr. Cosgrove for his sympathy and kind words.
Mr. and Mrs. W. A. Vining and Family. 1tx

CARD OF THANKS.
We wish to thank the friends and relatives who were so kind to us in our great sorrow, and to thank you also for the many beautiful floral tokens of sympathy. Mrs. Herbert Atherton and daughter.

HEBRON MAN KILLED IN A WRECK TODAY

A bad wreck occurred on the Dayton division of the Ohio Electric railway Friday morning at 11:15 o'clock when the line car and the Toledo through freight car collided just west of Daiby creek, near Brown's siding, 14 miles west of Columbus. The two cars met on a curve in the deep cut at that point. Wesley Oldaker, a lineman, whose home is in Hebron, O., was instantly killed and Henry Labrner, a motorman on the line car was badly bruised and shaken up. He was taken to a hospital in Columbus. Several other workmen were slightly injured.

LOCAL TAILORS DEMAND INCREASE; THREATEN STRIKE

Up to date no action whatever has been taken by the master tailors regarding the proposition submitted to them some time ago by the union tailors of the city for an increase in the scale of prices to be paid them for their work. An Advocate reporter was told by one of the union tailors Friday that there was no change in the situation. This means that unless the merchant tailors come to terms with them the men will strike on April 1.

SYMPTOMS OF THIN BLOOD

How Building Up the Blood Makes Weak, Nervous People Strong and Robust.

Have you ever stopped to consider what is the meaning of the various symptoms from which you are suffering? Certainly the paleness, pain in the back, headaches, loss of appetite, nervousness, shortness of breath must have some one cause. They are not diseases in themselves but are complaints and warnings from the different organs of the body that these organs are not being supplied with pure blood and cannot do their daily work well.

To be in good health a person must always have good, rich blood. Every tissue of the body depends upon it for nourishment and strength. Knowledge of this fact makes possible a direct treatment for the various disorders from which we suffer. You can cure yourself by making the blood pure with Dr. Williams' Pink Pills for Pale People.

Mrs. L. F. Lohrop, of Union street, Stoughton, Mass., says: "No one could have been more benefited by Dr. Williams' Pink Pills for Pale People than I have. I had been treated by many different physicians but without help. My nerves were prostrated. For a long time my back was so weak that I could not get up from my chair. When I got so I could stand up, I was troubled with dizziness. I had to walk very slowly and was in constant fear of falling. My friends thought I was going into consumption. I was emaciated and reduced in weight to 98 pounds. I changed to read about Dr. Williams' Pink Pills for Pale People and got a box. They helped me and I used them until cured. From a poor, weak, nervous woman, I have become a strong, robust woman. I have had no physical ailment for a number of years. I would recommend Dr. Williams' Pink Pills to anyone suffering from any disease resulting from impoverished blood or weakness from any cause."

Dr. Williams' Pink Pills for Pale People should be used in anemia, chlorosis or green sickness, sick headache, nervousness and for a general run-down condition of the health.

Dr. Williams' Pink Pills are for sale at all druggists, or will be mailed to any address, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Our new booklet, "Diseases of the Blood," will be sent free on request.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continuously day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy steam of blood. S.S.S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

THE REPUTATION

We are enjoying for selling the best clothing in Newark, is being built on three points of excellence—viz: Quality, Style and Price. HIGH QUALITY FABRIC AND STYLE are two distinct requisites, but are of little value alone, for a suit made of inferior cloth will not hold a stylish cut, and high-grade fabric loses half its worth if poorly tailored. PRICE is an easy thing to determine it made consistent with quality.

MASS MEETING OF ALL MASONS THIS EVENING

A big Masonic mass meeting will be held in the lodge room this evening and it is anticipated that there will be a big attendance as the Masons are anxious to learn of the plans of the trustees and to see what kind of a building will be erected.

The only way to get a full and complete knowledge of what is doing is of course to be at the meeting. This evening when full explanation of all that has been done will be made. The plans will be on exhibition and all can see just what the trustees have in contemplation. From the plans, outlined Newark will have one of the prettiest and most complete as well as modern temples in the country. Be sure and be on hand tonight.

ATTENTION CITIZENS

REMEMBER THE MAINE ON SATURDAY MARCH 23, BY DISPLAY OF OLD GLORY.

Draped or at Half Staff in Honor of the Interment of the Remains of the Fifty-Six Heroes.

All patriotic citizens are requested to pay honor to the heroes who gave their lives for the old flag when the U. S. ship "Maine" was blown up "from the outside," by a foreign foe on February 15, 1898 in a supposed friendly port, Havana Cuba and whose remains have laid in the mud of a foreign harbor for fourteen years, upon the occasion of their final removal and interment in Arlington cemetery at Washington, Sunday, March 23, by displaying the flag at half staff or draped.
